† FE Crown Fund Ratings is a quantitative based ratings system founded on historical performance, volatility and consistency. Funds are ranked against a relative benchmark chosen by FE with the lowest-rated funds carrying a single crown, and the highest awarded five crowns. Funds without a three-year track record are not rated. However, in some cases a rating is applied to funds whose underlying fund carries a three-year track record. FE Crown Ratings are produced solely by FE and its accuracy or completeness cannot be guaranteed.
**The risk descriptions and ratings provided are intended as a guide only and should not be relied on in isolation to make investment decisions. Risk ratings are calculated and provided by a third party and are not a recommendation by Zurich as to the suitability of a fund for investment. For more details on risk ratings please refer to the FE risk rating methodology, available on request.

Fund objective

The fund seeks to gain exposure to a diversified notional portfolio comprising approximately 40% by value of equity securities and 60% by value of fixed income securities. The strategy of the fund will seek to achieve its investment objective predominantly through investment in passive, index-tracking collective investment schemes. Fixed Income allocations will utilise a currency hedging programme managed within the passive structure, this will hedge currency exposure held within the fund back to the fund base currency.

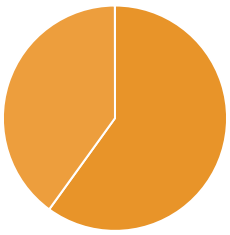

Fund Manager Commentary

The fund will seek to achieve its investment objective predominantly through investment in passive, index-tracking collective investment schemes.
